

# Paul Scanlon

hello@paulscanlondesigns.co.uk

## Profile

I am a self taught front end web developer who loves learning new technologies and skills.

I am passionate about what I do and strive to create the best content possible with code that is concise and easy to maintain.

## Core Skills

- HTML5
- CSS3
- JavaScript
- jQuery
- React
- Git/Github
- Sass
- Node.js
- Express
- Pug

## Experience

### **Home studying full time**

August 2018 - present

I have been studying web development at home for around 18 months. Following my redundancy from Oxfam I decided to increase my studies to full time.

### **Forklift driver, Oxfam**

October 2011 - August 2018

My duties at this position included loading vehicles and shipping containers with clothing and aid destined for various countries around the world.

### **Education**

- Web development course Treehouse
- CS50 Computer Science
- Macclesfield College 2003 - 2005  
BTEC First Diploma Public Services
- Poynton High School 1998 - 2003
